WEIGHT	650G (HALF PAIR)
PENETRATION RESISTANCE	ANTI PENETRATION, FLEXIBLE COMPOSITE KEVLAR MIDSOLE, MIN 1100N

### APPLICATIONS

- Construction
- Logistics
- Mining
- Oil & Gas Industry

### FEATURES

#### 18KV Electrical Hazard Insulated

Protects against high-voltage electrical risks up to 18,000 volts.

#### 100% Non-Metallic

No metal parts; lightweight and safe for metal-restricted environments.

#### Energy-Absorbing Heel

Reduces shock impact to improve comfort and support.

#### Oil-Resistant Outsole

Prevents slipping and improving traction on oily surfaces.

#### Excellent Ladder Grip

Designed for secure footing on ladder rungs.

#### Outsole Heat Resistant to 300°C

Withstands high-temperature environments without damage.

#### Lightweight Comfort

Built to reduce fatigue during long hours of use.

#### Scuff & Back Heel Impact Protection

Reinforced areas to reduce wear and absorb impact at the heel.

Care Advice: To enhance the life & performance of the footwear, upper should be kept clean & dry. Dry/damp cloth or shoe polish/spray to be used as per the need. Sole to be checked and clean regularly to maintain its traction. Any obvious damage in footwear may reduce full protection and must be replaced

Black/Brown
